

SRI SAI VIDYA VIKASA SHIKSHANA SAMITHI (R)
SAIVIDYA INSTITUTE OF TECHNOLOGY
DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

POGIL ACTIVITY:

Name of the Activity: Poster Presentation

Name of the Faculty: Prof Rekha Murthy

Subject: Electrical machine design

Semester: 6th Semester EEE

Number of Students participated: 52

Outcome:

- Students were able to bring innovative ideas to implement the design of machine in depth with mathematical derivations required to enhance the knowledge.
- The evaluation of this presentation was based on how effectively students were communicated with their peers.
- This activity helped the students to enhance their communication, presentation and team building skills.
- This activity also brings an easy tool to memorize the formulas.

SRI SAI VIDYA VIKASA SHIKSHANA SAMITHI (R)
SAIVIDYA INSTITUTE OF TECHNOLOGY
DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

Name of the Activity: Quiz

Name of the Faculty: Prof Amulya H G

Subject: High voltage Engineering

Semester: 7th Semester EEE

Number of Students participated: 52

Outcome:

- It is an active learning technique in which students were given a set of questions. Students were asked to understand the questions for first 10 minutes; 5 minutes time was given to write the answer.
- At the end of the activity, the answers were discussed.
- This activity makes an individual to get awareness of key points required for the preparation of all modules which also being comfort in competitive exams and industry oriented questions.

SRI SAI VIDYA VIKASA SHIKSHANA SAMITHI (R)
SAIVIDYA INSTITUTE OF TECHNOLOGY
DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

Name of the Activity: Quiz

Name of the Faculty: Prof Rekha Murthy

Subject: TRANSFORMER & GENERATORS

Semester: 3rd Semester EEE

Number of Students participated: 61

Outcome:

- It is an active learning technique in which students were given a set of questions. Students were asked to understand the questions for first 10 minutes; 5 minutes time was given to write the answer.
- At the end of the activity, the answers were discussed.
- This activity makes an individual to get awareness of key points required for the preparation of all modules which also being comfort in competitive exams and industry oriented questions.

SRI SAI VIDYA VIKASA SHIKSHANA SAMITHI (R)
SAIVIDYA INSTITUTE OF TECHNOLOGY
DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

Name of the Activity: Quiz

Name of the Faculty: Prof Rekha Murthy

Subject: POWER SYSTEM PROTECTION

Semester: 7th Semester EEE

Number of Students participated: 24

Outcome:

- It is an active learning technique in which students were given a set of questions.
- Students were asked to understand the questions for first 10 minutes; 5 minutes time was given to write the answer.
- At the end of the activity, the answers were discussed.
- This activity makes an individual to get awareness of objective type questions appeared in competitive exams and industry oriented questions.

SRI SAI VIDYA VIKASA SHIKSHANA SAMITHI (R)
SAIVIDYA INSTITUTE OF TECHNOLOGY
DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

Name of the Activity: Quiz

Name of the Faculty: Prof Shilpa Patil

Subject: Digital Signal Processing

Semester: 6th Semester EEE

Number of Students participated: 33

Outcome:

- It is an active learning technique in which students were given a set of questions.
- Students were asked to understand the questions for first 10 minutes; 5 minutes time was given to write the answer.
- At the end of the activity, the answers were discussed.
- This activity makes an individual to get awareness of objective type questions appeared in competitive exams and industry oriented questions.
