# "PROCTORING (MENTORING) SYSTEM FOR STUDENTS"

## **Objectives of the Practice**

- Help to identify career paths for students and support students' personal growth.
- Provide an opportunity for students to learn and practice professional skills.
- To minimize dropouts, improve performance and reduce stress of the students through personal Counseling.
- Help students to balance professional goals with their personal lives or give emotional encouragement during challenging times.

## The Context

- Engineering education is very crucial in the society where the graduates learn and develop products, which can solve the problems existing in a society. In addition, the graduated students will acquire great skills needed for further research and discovery. In this regard, it is very essential to motivate and shape the carrier path of the student who enters into the engineering institution with great ambition and expectations.
- For students coming from educationally outreach background and who undergo various problems like personal issues, stress, academic related issues, physical and mental disturbances, it is difficult for a teacher to address each student regarding these problems in mass.

PRINCIPAL Sai Vidyo Institute of Technology Rajanukunte, Bengaluru-560 064

In this regard, Proctorial System/Mentoring System in an institution helps the students to achieve emotional stability and to promote clarity in thinking and decision making for overall progress in their carrier. It also helps the students to acquire high level of intellectual, emotional quotient, skill quotient and holistic personality.

## **The Practice**

- The "Proctorial system" or mentoring system is the strength of the Institute wherein every teacher serves as a mentor / proctor for 20 students. The Head of the Institution/Principal Dr. H. S. Ramesh Babu is the Chief proctor supported by Head of the departments who are the Deputy Chief proctors. This will help in overall development of the student in his/her academic growth and also in personality development. The silent features of our proctorial system are as listed below.
- The academic and personal details of the students are collected by their respective proctors in the very first year of their academics and proctor will maintain **Proctor record** of every student.
- The proctor meets his/her proctees once in fifteen days and also more the situation demands.
- The Proctor continuously counsels his/her proctees with respect to their Academic progress and personality development.
- The chief proctor closely monitors the chronic cases referred by the proctors and such cases will be summoned to the proctee parents in view of academic progress of the student.

PRINCIPAL Sai Vidyo Institute of Technology Rajanukunte, Bengaluru-560 064

- The proctors also correspond with the parents of their respective proctees through our software SVAS(Sai Vidya Automation Software) where a SMS will be sent to parents regarding their attendance status on daily, weekly and monthly basis and academic progress after every internal assessment test.
- The SVAS access was given to both parents and students where they can check their academic progress regularly.
- Every proctor will have a Proctor-Proctee and Proctor-Parent what's app group, through which all administrative and academic related matters like calendar of events, exam circulars, parentteacher meeting circulars etc. will be shared to parents and students.
- Institute is conducting Parent-Teachers Meeting (PTM) every year to discuss about the progress of their son/daughter and also to know about the feedback on various academic/nonacademic related issues.
- In addition the student counselor Smt. Chethana Srinivas, a qualified counselor with a postgraduate in Physcology, who is working in the institution since 2014, monitors the students based on recommendation by a proctor or voluntarily. The student counselor will handle the chronic cases suggested by proctor/faculty and will submit the confidential report to a chief proctor/principal.

## "POLICY FOR PROCTORIAL SYSTEM/MENTORING SYSTEM FOR STUDENTS"

(With effect from August 1<sup>st</sup> 2015)

### **CONCEPT:**

The unique Proctorial System / Mentor System at Sai Vidya Institute of Technology campus ensures that a student in need is always helped in many ways beyond academics. Right at the time of admission a student is assigned a Proctor (20-25 students per Proctor) and the Proctor plays the role and responsibility of 'Friend, Philosopher and Guide' in nurturing the student for their overall academic development and grooms them as responsible human beings. The parents shall obtain the contact details of Proctor for further communication about their wards.

### **OBJECTIVES OF THE PROCTOR SYSTEM:**

Providing the fresh student, a sense of security and belongingness, through elderly and enlightened guidance and to keep at bay, negative feelings of alienation, loneliness and void that are so common among freshers, and to bring them into healthy fold of campus community. Close monitoring of the student's progress in terms of his / her attendance, punctuality, learning capabilities, utilization of facilities and overall academic performance as part of curriculum requirements. On the extracurricular front, help identify and correct student's distractions and deviations, attitudinal aberrations and instill positive growth in them. Stimulate a healthy and a mutually inclusive relationship between teacher and student. Monitoring and correction of any deviant behavior in students. Monitoring student activities and building selfconfidence, self-reliance. To provide single window contact of information to all parents about their wards during their student life in campus.

Dear HODs.	
Good afternoon 1	
As discussed in one of the ACM conducted after VC meeting with Principals last month ,we need to sensitise parents and students for offine theory and	nractical exame
Hence the parents meeting need to be convened followed by Parents - Proctors meeting on SATURDAY (2/1/2021.	
We should also conduct semester wise students meeting to sensitising the same ( if not done earlier) before 2/1/2021.	
A meeting of all HODs oof the departments is convened tomorrow at 11 am to discuss the same .	
Thanks and Regards Principal,SV/T

## **Evidence of Success**

Proctors have been able to deal with student regularity and performance very effectively with this system. With regular counseling, students have shown improvement in academics. Every year more than 300 students are graduating from the institution and all eligible students are placing in good companies. Each year around 12-18% of the students are recording for higher studies in India and abroad. In addition, 2-5% of students with emotional problems have been identified and effectively addressed by professional counselor Smt. Chethana Srinivas. Such students have developed a positive self-confidence, and have overcome their anxieties, able to handle their feelings better and improve their academic performance.
