The Skill Development Program on Deep Learning – A Project-Based Approach was organized by The Department successfully organized a Skill Development Program on Deep Learning – A Project-Based Approach with the objective of equipping students with essential, industry-relevant skills in the domains of Artificial Intelligence and Deep Learning.

The program spanned three days and featured comprehensive sessions conducted by Mr. Vijay Shanthagiri, Data Scientist and Founder & CEO of Analogica Software Development Private Limited, Bangalore. His expertise and hands-on approach provided students with valuable practical exposure and deep insights into real-world applications of deep learning.
